

REMARKS

Claim 1 has been amended. Claims 2-13 have been canceled. Claims 14-25 have been added. Claims 1 and 14-25 are currently pending in this application.

Applicant believes that all pending claims are allowable and respectfully requests a Notice of Allowance for this application from the Examiner. Should the Examiner believe that a telephone conference would expedite the prosecution of this application, the undersigned can be reached at the telephone number set out below.

Respectfully submitted,

BEYER WEAVER & THOMAS, LLP

C. Douglass Thomas

• MARKED UP VERSION INDICATING CHANGES MADE

1. (Once Amended) A battery [Battery, especially flat cell], comprising an electrode of lithium-metal or lithium-alloy, an electrode containing an active material intercalating lithium ions, a separator between both electrodes, and a housing enclosing the electrodes and the separator with connector tabs for both electrodes, characterized by the fact that at least one of the electrodes [(1; 2; 3)] is a multi-layer body built by multiple folds and by an equal layer-thickness of the active material [(4; 12; 13)] between the folded layers.
